

20-Pocket 10-Tier Wire Display Stand

- **Wire Stand with 10 Tiers of 18-1/4" Wide Pockets**
- **Tall, 47" height for Visual Impact**
- **Holds 20 Full Size Magazines**
- **Light Weight, Durable Wire Frame Construction**

This wire stand maximizes retail display space! This wire stand is made of lightweight, welded metal wire. The unit has 10 vertical rows that are each 18-1/4" wide. This wire stand is designed for easy customer browsing and quick selection. It is also an open shelf design, for flexible merchandising of a wide range of products like books, magazines, brochures, maps, etc. that fit into the 2-1/2" deep pocket. This wire stand requires minimal footprint and is great for constrained spaces.

This display stand is finished in gloss black, matching with most decor. A wire sign slot is provided at the top of the display for insertion of your signage (sign can be up to 16-1/4"w x 5"h.) These wire stands are foldable for portability, taking only a minute to break down or set up.
